Directive (5 / 2024)

The Myanmar Food and Drug Authority issued the "**Order Amending the Order of Marketing of Formulated Food for Infant and Young Child (Notification No. 5/2024)**" on July 10, 2024. Pursuant to this amendment, the producer, importer and distributor of formulated food for infant and young child must adhere to the following requirements.

- (a) Applications for the new/renewal of import recommendations (IR) must be prepared and submitted in accordance with Notification No. 5/2024.
- (b) Applications for the Import Health Certificate (IHC) will be accepted based on previously issued Import Recommendation (IR) until 1st September 2025.
- (c) Formulated food for infant and young child distributed and sold in the market that do not comply with the notification must be removed or recalled from the market by 1st March 2026.
